

STANDARD PORTFOLIO – NON-WOVENS

Non-woven mats made of 100% Basalt fibers with high thermal insulation properties. High thermal and chemical resistances. No bonding agent. Safe & harmless physiologically. Environment friendly and recyclable. Wide range of densities and thicknesses available (4-25 mm). Other designs upon request. Brown colour. No smell. Can be laminated to a BCF fabric for fire blocking and mechanical strength.

Thickness [MM]	Weight [g/m ²]	Weight [kg/m ³]	Min. QTY [LM]
4	480	120	400
6	780	130	400
8	1100	137.5	400
10	1300	130	400
